The proposed record days for dividends are conditional upon the Annual General Meeting resolving to amend the articles of association in accordance with the Board's proposal pursuant to item 13 (B) below. If the condition is not fulfilled, the record days for quarterly dividends on the ordinary shares shall be 11 May 2015, 20 July 2015, 20 October 2015 and 20 January 2016 and for the preference shares 20 July 2015, 20 October 2015, 20 January 2016 and 20 April 2016.

Item 13 – Resolution regarding amendments to the articles of association

The Board of Directors proposes that the Annual General Meeting resolves to amend the articles of association as set out below.

- (A) In order to adjust the articles of association according to the proposed share split (2:1) in item 14 below, the Board proposes that the meeting resolves to adopt new articles of association entailing that the limitations regarding the number of shares in article 5 are being amended to be no less than 100,000,000 and no more than 400,000,000 shares, and that articles 6-8 are being amended for consistency. This entails that the total dividend per preference share will be SEK 10.00 per year and as regards the rights conferred to the preference shares in relation to redemption of preference shares and distribution of assets in the event of dissolution of the company, the current percentage rates in these articles are amended to be specified amounts which have been adjusted in proportion to the proposed share split. In addition, the wording of article 7 (redemption of preference shares) is being clarified so that it is explicitly stated that all calculation of interest ceases on the day when the redemption amount falls due for payment.

The resolution to amend the articles of association as set out above is conditional upon the Annual General Meeting resolving on a share split of the company's shares pursuant to item 14 below.

- (B) The Board further proposes that the Annual General Meeting resolves to amend article 6 of the articles of association regarding the record days for dividends on preference shares to 10 January, 10 April, 10 July and 10 October (previously 20 January, 20 April, 20 July and 20 October).

The Board proposes that the CEO, or any person appointed by the CEO, shall be authorised to make the minor adjustments in the above resolutions as may be required in connection with the registration thereof.

Item 14 – Resolution regarding a share split (2:1)

The Board of Directors proposes that the Annual General Meeting resolves on a share split whereby one existing share in the company is divided into two shares of the same share class (share split 2:1).

After completion of the share split the number of shares in the company will increase from 70,720,104 shares to 141,440,208 shares, of which 131,440,208 are ordinary shares and 10,000,000 are preference shares. Following the share split, each share will have a quota value of SEK 0.50.

The Board proposes that the Board shall be authorised to determine the record day for the share split, which as of the day of the notice is estimated to be 19 May 2015. The record day may however

not be determined so that it occurs prior to registration of the resolution regarding the share split with the Swedish Companies Registration Office.

The Board proposes that the CEO, or any person appointed by the CEO, shall be authorised to make the minor adjustments in the above resolution as may be required in connection with the registration thereof.

Item 15 – Resolution regarding authorisation for the Board to resolve upon new issue of preference shares

The Board of Directors proposes that the Annual General Meeting resolves to authorise the Board to, at one or more occasions for the period until the end of the next Annual General Meeting, with or without deviation from the shareholders' preferential right, resolve upon a new issue of preference shares to the extent that such new issue can be made without amending the articles of association. The total number of preference shares that may be issued pursuant to the authorisation may not exceed 5,000,000 (prior to the proposed share split). After completion of the share split 2:1, the resolution entails that the total number of preference shares that may be issued pursuant to the authorisation may not exceed 10,000,000. Such new preference shares shall be issued at a subscription price corresponding to market terms and payment can be made, in addition to payment in cash, by assets contributed in kind or by set-off, or subject to other terms and conditions.

The purpose of the authorisation, and the reason for any deviation from the shareholders' preferential right, is that the Board shall be able to resolve on new issues in order to finance acquisitions of real property or real property companies, or part of real property or real property companies, or in order to finance continued growth in the company in other ways.

The Board proposes that the CEO, or any person appointed by the CEO, shall be authorised to make the minor adjustments in the above resolution as may be required in connection with the registration thereof.

Item 16 – Resolution regarding guidelines for remuneration to the senior executives

The Board of Directors proposes that the Annual General Meeting resolves on the following guidelines for remuneration to the company's senior executives.

Hemfosa shall apply the remuneration levels and employment terms necessary in order to attract and retain a highly competent management with capacity to achieve the set goals. The forms of remuneration shall motivate the senior executives to do their utmost to safeguard the shareholders' interests.

Any outcome must relate to the fulfilment of pre-determined goals with respect to results, cash flow and growth. Variable remuneration to each senior executive shall not exceed four

months' salary and shall not entitle to pension benefits. The variable salary for all senior executives in the group, taken as a whole, may not exceed a total of SEK three million.

Senior executives may be offered incentive schemes which shall primarily be share based or related to the share price. Any incentive scheme must ensure long-term commitment to the company's development and be implemented on market terms. Share based incentive schemes and incentive schemes related to the share price shall be resolved by the general meeting of shareholders. Senior executives' non-monetary benefits shall facilitate the work of the senior executives and correspond to what may be deemed reasonable in relation to standard practices in the market in which each senior executive is active.

The terms for pension benefits for senior executives will be based on defined contribution pension plans and comply with or correspond to general pension plans, the ITP1 plan in Sweden. Salary during the notice period upon termination and severance pay for a senior executive is not to exceed a total of 18 months' salary, if the company terminates the employment and six months if the senior executive resigns. In this connection, senior executives are defined as the CEO, CFO, COO and other members of the group executive management. However, regarding the right and possibility to receive variable remuneration according to above, the group's CEO, CFO and COO are excluded, to whom no variable remuneration shall be payable.

The Board shall be entitled to deviate from the guidelines for remuneration to senior executives set out above if there are special reasons in an individual case. In such a case, the Board shall give an account for the reason for the deviation from the guidelines for remuneration to senior executives at the next Annual General Meeting.
