

Press release

4 December 2024

SBB receives additional letters expressing intention to accelerate from bondholders regarding Eurobonds issued under its EMTN programme

SBB Treasury Oyj and Samhällsbyggnadsbolaget i Norden AB (publ) (together "SBB") have received letters from FFI Fund Ltd., FYI Ltd., and Olifant Fund Ltd. (the "Funds") notifying an intention to accelerate their respective holdings of SBB's 2028 and 2029 Notes issued under the 2020 and 2021 EMTN programme (the "Additional Letters"). The Funds claim that their combined holdings amount to a nominal value of approximately EUR 52 million, spread across both series of bonds. The Additional Letters from the Funds are identical in form to each other and the ones previously received and described in the press release dated 28 November 2024 and have no legal effect.

The Additional Letters purport to advance similar allegations to those notified to the market in 2023 (i.e. the allegation that SBB has been in breach of the EMTN consolidated covenant ratio since 31 March 2023) and rely on similar grounds as the allegations made by the original Fir Tree entities (i.e. Fir Tree Capital Opportunity Master Fund LP and others), which are the subject of ongoing litigation in the English High Court. As outlined in the press release dated 9 November 2023, SBB firmly rejects that it is in breach of the EMTN consolidated covenant ratio and considers that the alleged acceleration that is the subject of that litigation is ineffective. The Additional Letters have no impact on the existing proceedings.

In aggregate, the respective claimed holdings in the Additional Letters and the letters described in the press release dated 28 November 2024 amount to a total nominal value of approximately EUR 103 million. In addition, the original Fir Tree entities (i.e., Fir Tree Capital Opportunity Master Fund LP and others) have put forward a purported and ineffective acceleration notice of approximately EUR 46 million, which are subject to an ongoing litigation in the English High Court.

SBB is well prepared and remain confident in the ongoing litigation in the English High Court with trial expected to commence in January 2025. SBB has not entered any negotiations with any opportunistic funds. Specifically, SBB has never had any meetings or negotiations with Fir Tree. It is in SBB's and all stakeholders' interest that SBB continues its transformation and strengthens its financial position without the distraction of vexatious and unsubstantiated claims.
